

FOAM CONTROL AGENT

1130

SPECIFICATIONS:

Dilution	1:64
pH Level	8.5 – 9.5
Color	White
Fragrance	No Fragrance Added

When used on hard, non-porous surfaces this product deposits a silicone shield, enhances gloss, and allows objects to slide easier across hard, non-porous surfaces.

Silicone-based foam control agent eliminates foaming problems. Ideal for use in auto scrubbers, extracting machines, and wet vac equipment. One capful per 5 gallons provides effective foam control for floor and carpet cleaning applications.

FORMULA FEATURES:

- Concentrated to Minimize Use
- Silicone Based
- Versatile –Works as a Defoamer and Anti-Foam.
- Reduces Labor Time Emptying Recovery Tanks

RECOMMENDED FOR:

- Use in recovery tanks of auto scrubbers, extracting machines, wet vacs and other equipment.

DIRECTIONS:

Add one ounce of defoamer per 5 gallons to recovery tank of wet vacuums, carpet extraction equipment and automatic scrubbers. For additional control, dilute 50:50 and spray inside wall of recovery hoses. If necessary, this solution may be sprayed directly on foam for removal.
