PHOSPHORIC ACID

is ideal for cleaning and disinfecting surfaces where a non-acid product is ineffective, and/or a hydrochloric acid based product is harmful.

A viscous 20% phosphoric acid toilet bowl and bathroom cleaner that exhibits thick and clinging characteristics. Eliminates rust, lime, and offensive odors from common restroom surfaces. Safe for use on a variety of restroom surfaces such as tile, toilet bowls, urinals, and sinks.

FORMULA FEATURES:

- Cleans, Disinfects and Deodorizes
- 20% Phosphoric Acid
- Antibacterial, Antimicrobial
- EPA Registered Disinfectant

RECOMMENDED FOR:

- Tile & Grout
- Toilet Bowls and Urinals
- Sinks
- Bathroom Fixtures

DIRECTIONS:

To clean and disinfect:

- Remove water from bowl by forcing over trap with applicator.
- Remove excessive water from applicator by pressing it against the side of bowl.
- Pour 1 oz. on applicator.
- Clean entire unit, especially under rim at water outlets.
- Allow 10 minutes of contact time for disinfection.
- Flush and rinse out applicator.

To clean wash basins, bath tubs, shower stalls, drinking fountains, tile, porcelain, enamel and stainless steel:

- Dilute with 3 parts water.
- Do not allow solution to remain on fixtures without immediately thoroughly rinsing with water.

View Restroom Training Video for Detailed Information.
