

FLOOR CLEANER (with enzymes)

404

SPECIFICATIONS:

Registrations	NSF A4
Dilution	2 - 8 oz. per gal.
pH Level	8.5 - 11.0
Color	Green
Fragrance	Citrus

Continues to degrade residual organics even after the cleaning process is completed

**ENHANCING
LONG-LASTING
CLEANING** effects.

Concentrated enzyme-fortified cleaner and degreaser. Attacks and eliminates grease and other contaminants to achieve a cleaner and safer floor surface. The enzymes in Husky 404 penetrate deep into porous surfaces and grout lines to attack a wide range of embedded soils including grease and sugar based stains. Husky 404 also controls odors by breaking down odor causing organics.

FORMULA FEATURES:

- Reduces Slip Hazards Making Floors Safer
- Eradicates Grease Found Deep in Tile and Grout Pores
- Reduces Odors on Floors, in Mop Buckets, and Mops
- Supplements Biological Grease Trap and Drain Maintenance Programs
- Enhances Long-Lasting Cleaning Effects by Degrading Residual Organics after Cleaning is Complete

RECOMMENDED FOR:

- Food Processing Facilities
- Kitchen Floors
- Dining Areas
- Cafeterias
- Restroom Floors
- Floor Drains

DIRECTIONS:

Mop Application:

- For heavy duty degreasing, dilute in mop water up to 8 oz. per gallon.
- For normal conditions, dilute 2 oz. per gallon.
- Wet a clean mop head in mop bucket and wring to desired dampness.
- Use mop to agitate and recover product and soils, or squeegee to drain.
- Change water as needed. Rinse with clean water.

Pump-up Sprayer Application:

- Fill pump-up sprayer with concentrate.
- Fill mop bucket with clean warm water.
- Spray desired area to be cleaned evenly with concentrate from the pump-up sprayer (follow directions from pump-up sprayer manufacturer)
- Allow solution to stand for 1 to 3 minutes.
- Wet a clean mop head in mop bucket and wring to desired dampness.
- Use mop to agitate and recover product and soils, or squeegee to drain.
- Change water as needed. Rinse with clean water.
