

# CRÈME CLEANSER

**430**

## SPECIFICATIONS:

Registrations	EPA SDSI, NSF
Dilution	RTU
pH Level	1.0 – 2.5
Color	White
Fragrance	Mint

## GREAT FOR REMOVING RUST MARKS AND BOWL RINGS.

Allow product to rest on the surface for a moment to increase the cleaning power.

Mild, abrasive cleaner easily removes stubborn stains, rust, grease, soap scum and rubber heel marks. Effectively cleans a variety of surfaces in the restroom and food service areas. Leaves behind a pleasant mint scent. Safe to use on porcelain, ceramic and stainless steel surfaces. Micro-grit polishes as it cleans.

## FORMULA FEATURES:

- Cleans and Deodorizes
- Contains Oxygen Bleach – No Accidental Bleaching
- Mild Jeweler's Grade Abrasive
- Free Rinsing
- Safe on Metal Surfaces

## RECOMMENDED FOR:

- Glazed Porcelain and Ceramic
- Chrome
- Fiberglass
- Formica
- Stainless Steel

## DIRECTIONS:

- Apply directly to sponge, wet cloth or brush. Loosen soil and build-up with rubbing action. Rinse thoroughly. For heavily soiled areas, remove gross soil before cleaning.
- When cleaning stainless steel, always rub with the grain, not in a circular motion.
- On chrome fixtures and other polished metals, use gentle rubbing action. For a brighter shine, polish with a clean, dry cloth.
