For use in between
hand washings to
**KILL COMMON
GERMS**
on hands and
reduce the spread
of bacteria.

An alcohol-based skin sanitizer that helps prevent the spread of germs. Powered with 62% Ethyl Alcohol, this gel hand sanitizer is effective against 99.9% of common germs within 15 seconds, as well as other pathogenic organisms. No water source is necessary with this product, it simply evaporates from the surface of the skin. Left behind are a combination of skin conditioning emollients that leave hands feeling fresh and clean.

FORMULA FEATURES:

- Fast Acting
- Kills 99.9% of Common Germs
- Sanitizes to Prevent Bacterial Growth
- Enhanced with Moisturizers
- No Water Source Necessary
- Portable Package

RECOMMENDED FOR:

Use anywhere there are no water or towel sources to reduce bacteria and bacterial transfer between hand washings.

DIRECTIONS:

- Apply appropriate amount of cleaner to palm of hand.
- Rub until hands are completely covered.
- Agitate lightly until dry.
- Let air dry for 15 seconds.
- Do not rinse or wipe with towel.
