1/2 ounce	1 quart bottle
1/4 ounce	Check Mate Electrostatic Sprayer Tank
1 ounce	1 gallon
2 1/4 ounce	Check Mate Electrostatic Backpack Tank

- Neutral pH to disinfect and clean floors
- Approved for mopping finished floors
- No wipe required on non-food contact surfaces

1 Obtain Safety Data Sheet and follow all personal protective equipment directions and precautionary statements.

2 Partially fill empty Check Mate Spray Bottle with water.

3 Remove cap from the Husky 892 Arena Plus Disinfectant.

4 Slowly squeeze bottle until the liquid reaches proper dilution (see chart above).

5 Carefully pour measured concentrate into Check Mate Spray Bottle.

6 Refer to bottle label directions for surface contact time.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use.
