

High-gloss, durable sealer/finish, perfect for a variety of maintenance programs. Exceptional leveling characteristics and easy application for terrazzo, vinyl, vinyl composition, and other resilient tile flooring. Provides excellent reparability and water, detergent and black heel mark resistance.

DIRECTIONS FOR USE:

Initial Application

1. Remove all old wax and floor finish with appropriate stripper.
2. Rinse floor thoroughly and allow to dry.
3. Using a clean mop, apply a thin, uniform coat of finish. Allow to dry thoroughly. Apply additional coats in the same manner and let dry.

For very porous floors, an initial coat of floor sealer is recommended.

NOTE: To avoid product contamination, do not return any unused material to original container.

Day-To-Day Maintenance

1. Sweep or dust mop as necessary.
2. Damp mop with proper cleaner following label directions. For accumulated soil, lightly scrub as required.
3. To repair finish, spray buff or mop-on restorer using an appropriate buffing pad, or top coat following Step 3 above.

NOTE: Water or other foreign substances will cause any floor finish to become slippery. **ALWAYS** use a "Wet Floor" sign when moisture is present.

SPECIAL INSTRUCTIONS:

Engineered for safety. Exceeds industry standards for static coefficient of friction (ASTM D2047).
