

Versatile, easy-to-apply sealer/finish designed for a variety of maintenance programs. Provides a brilliant gloss for resilient tile and terrazzo flooring. Excellent repairability, recoat, slip, water, detergent and black heel mark resistance. Responds well to ultra high speed, mid-speed and spray buffing procedures. Ideal for top scrub and recoat application.

**DIRECTIONS FOR USE:**

**Initial Application**

1. Remove all old wax and floor finish with appropriate stripper.
2. Rinse floor thoroughly and allow to dry.
3. Using a clean mop, apply a thin, uniform coat of finish. Allow to dry thoroughly (30 to 40 minutes). Apply additional coats in the same manner and let dry. For very porous floors, an initial coat of floor sealer is recommended.

**NOTE:** To avoid product contamination, do not return any unused material to original container.

**Day-To Day Maintenance**

1. Sweep or dust mop as necessary.
2. Damp mop with proper cleaner following label directions. For accumulated soil, lightly scrub as required.
3. After cleaning, burnish or restore floor as needed to maintain gloss.

**NOTE:** Water or other foreign substances will cause any floor finish to become slippery. **ALWAYS** use a "Wet Floor" sign when moisture is present.

**SPECIAL INSTRUCTIONS:**

Engineered for safety. Exceeds industry standards for static coefficient of friction (ASTM D2047).
