

This oil based *DUST MOP TREATMENT* formulation attracts dust and dirt to mops and cloths. Increases dust catching capabilities and eliminates flying dust and resettling. Heavy lint on a mop or cloth can be shaken or washed out.

Use on finished resilient Asphalt, Vinyl, Rubber and Linoleum floors. A routine *DUST MOP TREATMENT* program will extend the life of the floor finish and help maintain the gloss.

DIRECTIONS

Hold dispenser upright 6 to 8 inches from mop or cloth. Spray a light mist directly on mop or cloth. Allow treatment to penetrate then dust or mop as usual, reapplying when needed. For best results, **TREAT DUST MOPS AND LET STAND OVERNIGHT**. Shake out lint and clean mop or cloth in washing machine when finished. Re-treat after washing.

NOTE: Never spray directly on floor and protect floors from overspray. The product's ingredients make a floor slippery. If this occurs, scrub the floor with detergent and dry thoroughly.

HUSKY 1205 Oil Based DUST MOP TREATMENT

DANGER: Extremely flammable aerosol. May be fatal if swallowed and enters airways. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Store locked up. Protect from sunlight. Do not expose to temperatures exceeding 49°C/120°F. Dispose of contents/container in accordance with local/regional/national/international regulations.

First Aid: IF SWALLOWED: Immediately call a poison center/doctor. Do NOT induce vomiting. **IF EXPOSED OR CONCERNED:** Get medical advice/attention. **IF ON SKIN:** Take off immediately all contaminated clothing. Rinse skin with water/shower. Get medical attention if irritation develops and persists. **IF IN EYES:** Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Get medical attention if irritation develops and persists. **IF INHALED:** Move to fresh air. Call a physician if symptoms develop or persists.
