HUSKY®

Bio-Enzymatic Cleaners

BIO-ENZYMATIC
CHEMISTRY

ELIMINATES
ODORS FROM
THE SOURCE

CONTINUOUS
CLEANING

Harness the power of beneficial bacteria and enzymes with Canberra's lineup of Biotic products. These bio-enzymatic cleaners break down and eliminate stubborn stains, built-up soils, and malodors from drains, grease traps, septic systems and more. They also keep working long after the initial cleaning process is complete, providing a continuous clean that improves productivity, saves time and reduces labor costs.

Experience the Biotic difference with Canberra's exceptional range of bio-enzymatic cleaners.

PRODUCT INFORMATION

Husky® BioticBlast Bio-Enzymatic Multi-Purpose Cleaner & Drain Maintainer

BioticBlast uses non-pathogenic bacteria to effectively clean various surfaces and eliminate stubborn odors. From restrooms to carpets to drains, it's the ultimate multi-purpose solution.

FORMULA FEATURES:

- Live Bacteria Digests Organic Waste
- Non-Acid, Non-Caustic
- Removes Persistent Odors
- Recommended for Hard & Soft Surfaces
- **Dilution:** RTU
- **pH Level:** 7.0-9.5
- **Color:** White
- **Fragrance:** Evergreen

Husky® Biotic365 Bio-Enzymatic Cleaner & Odor Eliminator

Fast-acting cleaner and odor eliminator contains live non-pathogenic bacteria that attack and eliminate stubborn urine and organic soil odors. With a neutral pH formula, it has a wide range of cleaning applications, ideal for commercial restroom cleaning or healthcare facility maintenance.

FORMULA FEATURES:

- Superior Odor Neutralization
- Neutral pH for Wide Range of Cleaning Applications
- Leaves Behind Organic Digesters for Continuous Cleaning and Odor Control
- **Dilution:** RTU
- **pH Level:** 7.0-9.5
- **Color:** Light Purple
- **Fragrance:** Vanilla

Husky® FlowBiotic+ Bio-Enzymatic Thickened Drain Maintainer

A bio-enzymatic, fast-acting drain maintainer designed to lubricate and break down organic drain blockages and build-up. Its thickened formula clings to pipes and drain lines, increasing surface contact for improved efficacy.

FORMULA FEATURES:

- Thickened Formula Clings to Drain Surfaces
- First-Rate Biotics Powered by Fast-Acting Enzymes Drive Quicker Results
- Biotic-Compatible Solvents Improve Inorganic Soil Removal
- Lingering Lavender Fragrance Elevates User Experience and Provides Residual Odor Control
- **Dilution:** RTU
- **pH Level:** 8.5-11.0
- **Color:** Green
- **Fragrance:** Eucalyptus Lavender

Husky® MaxBiotic Bio-Enzymatic Floor Cleaner

Fast-acting formula attacks and eliminates grease and other embedded soils, ideal for grouted surfaces in restrooms and kitchens. Biotics enhanced with powerful enzymes deliver faster cleaning and deodorizing than industry competitors.

FORMULA FEATURES:

- Fast-Acting Formula Eradicates Grease Found Deep in Tile and Grout Pores
- Biotics Enhanced with Powerful Enzymes Deliver Faster Cleaning & Deodorizing
- No Rinse, Labor-Saving Formula for Extended Odor Remediation
- **Dilution:** 2-8 oz. per gallon
- **pH Level:** 8.5-10.0
- **Color:** Green
- **Fragrance:** Citrus
