

# JAWS<sup>®</sup> PROFESSIONAL

## Duo Complete

### JAWS<sup>®</sup> 3801

JAWS<sup>®</sup> Professional Duo Complete is the first concentrated disinfectant and food contact sanitizer. This no rinse formula requires no PPE and ensures accurate dilution every time with a streak-free finish. Enhanced with dye and a Cucumber Melon fragrance, JAWS<sup>®</sup> Professional Duo Complete is the only EPA-approved, no-rinse food contact sanitizer with dye and fragrance on the market.

### Disinfection Directions

Apply use-solution with a coarse spray device by spraying 6-8 inches from the surface. Do not breathe spray. Treated surfaces must remain visibly wet for 4 minutes. Wipe dry with a cloth, sponge or mop or allow to air dry. For visibly soiled areas, a preliminary cleaning is required. To disinfect food processing facilities: Spray surfaces with solution and allow to remain visibly wet for 4 minutes.

### To Sanitize Food Contact Surfaces

1. Prior to application, remove gross food particles and soil by a pre-flush, or pre-scrape and, when necessary, pre-soak. A pre-clean step is required for food contact sanitization.
2. Apply use-solution thoroughly wetting surfaces with a coarse spray device by spraying 6-8 inches from the surface. Do not breathe spray.
3. Treated surfaces must remain visibly wet for at least 60 seconds followed by adequate draining and air drying. Do not rinse.

**Sanitizes Non-Food Contact Surfaces in 15 Seconds  
and Food Contact Surfaces in as Little as 60 Seconds**

### Specs

**Registrations:** NSF, EPA Registered Disinfectant  
**EPA Reg. No:** 6836-446-81266  
**Dilution:** 1:96  
**pH Level:** 7.0 - 9.5  
**Color:** Light Pink  
**Fragrance:** Cucumber Melon

### Features

- Cleans, Disinfects & Sanitizes
- Destroys 99.9% of Bacteria
- No Rinse Required
- Kills SARS-CoV-2
- Helps Reduce CrossContamination
- Deodorizes

### Recommended For

- Schools
- Childcare Centers
- Medical Offices
- Hotels
- Transportation Vehicles
- Cafeterias
- Restaurants & Cafes
- Offices
