Bio-Enzymatic Cleaner
& Odor Eliminator

HUSKY® 401

Fast-acting cleaner and odor eliminator contains live non-pathogenic bacteria that attack and eliminate urine and organic soil odors in the restroom and other commercial areas. Providing continuous odor control, this non-acid, non-caustic product is ideally used for commercial restroom cleaning or healthcare facility maintenance.

Directions

- Remove as much soil as possible from surface prior to application.
- Pre-test on surface in an inconspicuous area.
- Spray area where odor is originating, including urinals, toilets, carpets, floor and wall areas.
- Wipe area to remove any excess product remaining on surfaces.
- Product may also be effectively mopped onto floor areas and around washroom fixtures.
- Allow it to remain and dry on the surface.
- To counteract odors, dilute at 3 oz. per gallon in mop water or use according to spray directions.

NOTE: Do not subject this product to boiling water, disinfectants or chlorinated products. Do not use on food prep surfaces without a potable rinse.

Permanently remove strong smelling odors.
