

MaxBiotic

Bio-Enzymatic
Floor Cleaner

HUSKY® 404

Fast-acting formula attacks and eliminates grease and other embedded soils, ideal for grouted surfaces in restrooms and kitchens. Biotics enhanced with powerful enzymes deliver faster cleaning and deodorizing than industry competitors.

Directions

Mop Application

- For heavy duty degreasing, dilute in mop water up to 8 oz. per gallon.
- For normal conditions, dilute 2 oz. per gallon.
- Wet a clean mop head in mop bucket and wring to desired dampness.
- Use mop to agitate and recover product and soils, or squeegee to drain.
- Change water as needed. Rinse with clean water.

Pump-up Sprayer Application

- Fill pump-up sprayer with concentrate.
- Fill mop bucket with clean warm water.
- Spray desired area to be cleaned evenly with concentrate from the pump-up sprayer (follow directions from pump-up sprayer manufacturer).
- Allow solution to stand for 1 to 3 minutes.
- Wet a clean mop head in mop bucket and wring to desired dampness.
- Use mop to agitate and recover product and soils, or squeegee to drain.
- Change water as needed. Rinse with clean water.

NOTE: Do not subject this product to boiling water, disinfectants or chlorinated products. Do not use on food prep surfaces without a potable rinse.

Continues to degrade residual organics even after the cleaning process is complete.

Specs

Dilution: 2-8 oz. per gallon
pH Level: 8.5-10.0
