

# MaxBiotic

Bio-Enzymatic  
Floor Cleaner

## HUSKY® 404

Concentrated enzyme-fortified cleaner and degreaser attacks and eliminates grease and other contaminants to achieve a cleaner and safer floor surface. The enzymes in MaxBiotic penetrate deep into porous surfaces and grout lines to attack a wide range of embedded soils, grease and sugar-based stains. It also controls odors by breaking down odor-causing organics.

## Directions

### Mop Application

- For heavy duty degreasing, dilute in mop water up to 8 oz. per gallon.
- For normal conditions, dilute 2 oz. per gallon.
- Wet a clean mop head in mop bucket and wring to desired dampness.
- Use mop to agitate and recover product and soils, or squeegee to drain.
- Change water as needed. Rinse with clean water.

### Pump-up Sprayer Application

- Fill pump-up sprayer with concentrate.
- Fill mop bucket with clean warm water.
- Spray desired area to be cleaned evenly with concentrate from the pump-up sprayer (follow directions from pump-up sprayer manufacturer).
- Allow solution to stand for 1 to 3 minutes.
- Wet a clean mop head in mop bucket and wring to desired dampness.
- Use mop to agitate and recover product and soils, or squeegee to drain.
- Change water as needed. Rinse with clean water.

**NOTE: Do not subject this product to boiling water, disinfectants or chlorinated products. Do not use on food prep surfaces without a potable rinse.**

Continues to degrade residual organics even after the cleaning process is complete.

## Specs

**Registration:** NSF  
**Dilution:** 2-8 oz. per gallon  
**pH Level:** 8.5-10.0  
**Color:** Green  
**Fragrance:** Citrus  
**Pack Types:** Gallon

## Features

- Reduces Slip Hazards Making Floors Safer
- No Rinse Required
- Labor-Saving Formula
- Eradicates Grease Found Deep in Tile and Grout Pores
- Supplements Biological Drain Maintenance Programs

## Recommended For

- Food Processing Facilities
- Floor Drains
- Kitchen Floors
- Dining Areas
- Cafeterias
- Restroom Floors
