

HUSKY® 824 QUICK CARE DISINFECTANT

Kills SARS-CoV-2², which causes COVID-19

ACTIVE INGREDIENTS

Octyl decyl dimethyl ammonium chloride	3.34%
Dioctyl dimethyl ammonium chloride	1.33%
Didecyl dimethyl ammonium chloride	2.00%
Alkyl (C ₁₄ , 50%; C ₁₂ , 40%; C ₁₆ , 10%) dimethyl benzyl ammonium chloride.....	4.45%

OTHER INGREDIENTS	88.88%
TOTAL	100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

See back panel for Precautionary Statements.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

EPA REG. NO. 6836-348-8155 EPA EST. NO. 8155-OH-1

Have the product container or label with you when calling poison center or doctor or going for treatment. For general information on product use etc., call the National Pesticides Information Center at 1-800-858-7378. You may also contact the poison center at 1-800-222-1222 for emergency medical treatment information.

NET CONTENTS: 1 Quart (32 Fl. oz.) 946 ml

Use this product in: health care facilities; athletic facilities, hotels and schools. Use this product on washable hard, non-porous surfaces of: doorknobs, finished floors, and other hard nonporous surfaces made of: laminated surfaces, metal, upholstery - vinyl and plastic. This product is effective against: 3 minute contact time: *Pseudomonas aeruginosa*, *Salmonella enterica*, *Staphylococcus aureus*, 1 minute contact time: *SARS-Related Coronavirus 2 (cause of COVID-19).

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from the room or carefully protected.

Preparation of Disinfectant Use-Solution: Add 1 oz. per gallon of water. For heavy duty use, add 4 oz. per gallon of water.

DISINFECTANT/VIRUCIDAL*/DIRECTIONS: Spray use-solution 6-8 inches from hard, nonporous surfaces, thoroughly wetting surfaces. Treated surfaces must remain visibly wet for 3 minutes. Do not breathe spray. Wipe dry with a cloth, sponge or mop or allow to air dry. For visibly soiled areas, a preliminary cleaning is required. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse. Do not use on utensils, glassware and dishes.

Bactericidal Stability of Spray Use-Dilution: Tests confirm that the use solution of this product, when stored in a sealed container such as a spray bottle, remains effective for up to 1 year. If product becomes visibly dirty or contaminated, the use-dilution must be discarded and fresh product prepared. Always use clean, properly labeled containers when diluting this product.

This product is not for use on medical device surfaces.

For use as a One-Step Cleaner and Disinfectant by Electrostatic Spraying²: Electrostatic spray application is for bactericidal efficacy claims with a 3 minute contact time and 1:128 dilution and virucidal efficacy claims with a 5 minute contact time and 1:64 dilution. This application method is not to be used to treat surfaces for sanitization or fungicidal claims. Ensure bystanders and pets are not present in the room during application. Clean visibly dirty surfaces prior to spraying. Wear a N95 filtering facepiece respirator or half face respirator with a N95 filter and eye protection (goggles, face shield or safety glasses) when spraying. Select a spray nozzle that produces spray droplet particles with a

volume median diameter (VMD) ≥80 µm. Place the electrostatic spray function in the ON position for electrostatic spray models that have the functionality to toggle ON/OFF. Hold the sprayer nozzle 12 inches away from the target surface. Starting at the highest point and working down to the lowest point, spray target surfaces using a smooth methodical "S" pattern. To avoid leaving gaps in sprayed surfaces, overlap previously treated surfaces when moving onto subsequent sections. The target surface must remain visibly wet for 5 minutes. Re-apply product as necessary to keep surface visibly wet for the duration of the contact time. Wipe surfaces dry (or rinse) (or allow to air dry). Allow the treated room to remain unoccupied for 15 minutes before reentering.

STORAGE AND DISPOSAL: DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. **PESTICIDE STORAGE:** Open dumping is prohibited. Store in original container in areas inaccessible to children. **PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Fill container ¼ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide disposal instructions. Repeat two more times. Then offer for recycling if available or puncture and dispose in sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinsate. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective (rubber or chemical resistant) gloves. Harmful if swallowed or if absorbed through the skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

²On hard, non-porous, non-food surfaces
