

INSTANT HAND SANITIZER (GEL-TYPE)

HUSKY® 515

An alcohol-based skin sanitizer that helps prevent the spread of germs. Powered with 62% Ethyl Alcohol, this gel hand sanitizer is effective against 99.9% of common germs within 15 seconds, as well as other pathogenic organisms.

Directions

1. Apply appropriate amount of cleaner to palm of hand.
2. Rub until hands are completely covered.
3. Agitate lightly until dry.
4. Let air dry for 15 seconds.
5. Do not rinse or wipe with towel.

No water source is necessary with this product, it simply evaporates from the surface of the skin.
