

SOLVENT BASED INDUSTRIAL CLEANER/DEGREASER

901

SPECIFICATIONS:

Dilution	Various
pH Level	13.0 – 14.0
Color	Red
Fragrance	Balsam

VERSATILE FORMULA

for use as an everyday cleaner or heavy duty cleaner.

Highly concentrated degreaser specially formulated for heavy duty cleaning and degreasing in industrial environments. Dilutable to suit a wide range of cleaning and degreasing tasks. Maintains a high alkalinity even when diluted.

FORMULA FEATURES:

- Extremely Versatile
- Highly Concentrated
- Dilutable for Cost Savings
- Fast Acting
- Cleans Grease, Oils, Cutting Fluids, and Inks
- Biodegradable

RECOMMENDED FOR:

- Floors
- Walls
- Terrazzo
- Marble
- Ceramic Tile
- Engines
- Machinery
- Conveyors
- Concrete, Brick and Stucco
- Appliance Exteriors
- Engines
- Exhaust

DIRECTIONS:

- Use Dilution Guide to determine starting point. Adjust dilution for soil load or other factors.
- After surface has been cleaned, rinse thoroughly.

Regular Uses:

Recommended Dilution:

Light soil	1:100	(1¼ oz./gal.)
Medium soil	1:50	(2½ oz./gal.)
Heavy build-up	1:25	(5 oz./gal.)
Extremely difficult soil.....	1:5	(21 oz./gal.)
Dip tank degreaser and corrosion protection	1:15	(8 oz./gal.)

Autoscrubbing Equipment

Dilute product 1:50 (2½ oz./gal.) in the solution tank. Add 1 oz. per gallon of defoamer to the recovery tanks. Rinse equipment after use.

Pressure Washer Equipment

Dilute 1:50 (2½ oz./gal.) for regular soil and 1:25 (5 oz. per/gal.) for heavy soil.
