

MOPPING SYSTEM

SIMPLE. FAST. EASY. CLEAN UP

It's time to clean up how we've been mopping. Introducing the **JAWS® Professional Mopping System**, the best solution for the most efficient small space cleaning.

The first bucketless, reusable, cartridge-based mopping system designed for simple, fast & easy clean up.

From messes on high traffic floor areas to small area cleaning, this mopping system helps get the job done quicker, never having to return to the cleaning closet.

Keep your floors looking their best. Make quick clean ups **simple, fast & easy – the way mopping should be** with JAWS Professional Mopping System.
