

FOAMING CHLORINATED DEGREASER

HUSKY® 155

Powerful, bleach-based solution designed for the toughest cleaning and maintenance challenges. Its thick, clinging foam adheres to vertical and hard-to-reach surfaces, making it ideal for food-service operations where grease and odors build up quickly. This highly concentrated formula cuts through fatty soils, greases and oils while helping to control odors in areas that demand frequent cleaning.

Specifications

Dilution:	4-6 oz. per gallon
pH Level:	13.3
Color:	Light Yellow
Fragrance:	Bleach
Pack Types:	Gallon

Recommended For

- Floors
- Walls
- Ceilings
- Counters
- Chutes
- Conveyors
- Compactors
- Processing Equipment
- Garbage Storage Areas

Directions

1. Mix 4-6 oz. per gallon of water (1:32 – 1:20) depending on soil load.
2. Spray evenly on all soiled surfaces.
3. Let stand for 5 minutes.
4. Rinse thoroughly with hot, potable water, and sanitize if required.
5. Allow surfaces to air dry.

Features

- Thick, clinging foam for extended contact time
- Fast-acting formula cuts grease and fatty soils
- Bleach-powered cleaning removes tough stains
- Controls odors in high-use areas
- Highly concentrated for low in-use cost
