

GLASS, PLASTIC & SCREEN CLEANER RTU

HUSKY® 420

Ready-to-use, streak-free, non-fogging glass cleaner can be utilized on residential and commercial building windows, car windows, Lexan, Lucite, Plexiglass surfaces, computer and television screens and other surfaces not harmed by water.

Directions

1. Hold 6-8 inches from surface.
2. Using a trigger sprayer, apply directly to surface (except when cleaning electronic devices – see special instructions).
3. Always work from bottom up.
4. Wipe dry with towel or cloth.

Special Instructions:

1. When using on office machinery and electronic devices, always spray on paper towel or clean cloth.
2. Wipe area to be cleaned.

Note: Never spray directly on any surface where working office machinery or computer parts would be exposed to this product.

Leaves a clear, streak-free finish.
