GLASS, PLASTIC & SCREEN CLEANER CONCENTRATE

HUSKY® 421

Concentrated, streak-free, non-fogging glass cleaner that may be utilized on home windows, commercial building windows, car windows, Lexan, Lucite and Plexiglass surfaces, as well as computer and television screens.

Directions

1. Dilute with cold water as follows:
 - a. Light or touch-up cleaning: 1:32 (4 oz. per gal.)
 - b. Heavy to normal or routine cleaning: 1:20 (6 oz. per gal.)
 - c. For use with automatic dispensing system, consult manufacturer's recommended use directions.
2. Holding trigger sprayer 6-8 inches away from the surface, spray the treatment area.
3. Always work from bottom up.
4. Wipe dry with towel or cloth.

Special Instructions:

1. When using on office machinery and electronic devices, always spray on paper towel or clean cloth.
2. Wipe area to be cleaned.

Note: Never spray directly on any surface where working office machinery or computer parts would be exposed to this product.
